## Eola Amity Hills Chardonnay 2020

Oregon, USA

### Region and Vineyards

This Chardonnay originates from the **Eola-Amity Hills AVA** in Oregon's **Willamette Valley**, a region celebrated for its cool-climate varieties. Influenced by the **Van Duzer Corridor**, the area benefits from cool Pacific breezes that moderate temperatures and preserve acidity, extending the growing season for optimal ripening.

The wine is crafted from biodynamically and organically farmed fruit sourced from Cristom's estate vineyards—**Louise, Eileen, and Paul Gerrie**—and select neighboring vineyards such as **Von Oehsen, Royer, and Seven Springs**. These sites, planted on **volcanic soils** like Columbia River Basalts, contribute minerality and complexity. The varied vineyard sources ensure a balance of **acidity, phenolics**, and richness.

### Winemaking

This vintage was meticulously crafted to highlight the precision and vibrancy of cool-climate Chardonnay. Grapes were **hand-harvested** to preserve quality and immediately subjected to **whole-cluster pressing**, minimizing oxidation. After overnight settling, the juice was transferred to barrel for fermentation.

**100% native yeast fermentations** were employed, emphasizing the wine's terroir. The wine underwent **full malolactic fermentation** in barrel to enhance texture and complexity. Aging occurred over **11 months on lees** in **20% new French oak barrels**, followed by an additional **5 months in stainless steel tanks**, combining richness with freshness.

### Tasting Notes

- **Color:** Pale gold with greenish reflections.
- **Aromas:** Complex and inviting, featuring notes of **brioche, toasted meringue, lemon curd**, and a distinct minerality.
- **Palate:** Zesty and layered, with flavors of **Meyer lemon, ginger**, and **cardamom** complemented by a satisfying viscosity. Bright acidity drives a long, clean finish.
