DAOU

Reserve Chardonnay 2022

California, USA

Region and Vineyards

This wine is crafted from grapes grown on **DAOU Mountain** and select superior vineyards in the **Paso Robles AVA**, a region renowned for its calcareous soils and Mediterranean climate. Perched at high elevations in the **Adelaida District**, DAOU Mountain benefits from dramatic diurnal temperature shifts that enhance the complexity and balance of its wines.

The **growing season** began with a winter drought, which was alleviated by timely rains in late March and April. These rains rejuvenated the vines, enabling healthy canopy growth and setting the stage for a vintage of exceptional balance. A later bud break led to a warm summer and an intense 10-day heatwave in early September, prompting an early harvest that tested the winemaking team's skill. The result was a "winemaker's vintage," producing whites of remarkable elegance and depth.

Winemaking

The **Reserve Chardonnay** is a testament to **Daniel Daou's** precision and expertise. After a careful selection of the finest lots, the wine was aged for **11 months in 50% new French oak barrels**, contributing to its luxurious texture and integrated oak nuances. The cool climate of the vineyards preserved the wine's natural acidity, while the oak aging imparted subtle complexity and roundness.

The result is a Chardonnay that balances richness and freshness, showcasing the best of Paso Robles terroir with a modern, refined style. Its **14.7% alcohol** content supports its opulent profile while maintaining vibrancy and elegance.
