Region and Vineyards

Paso Robles, located in California's Central Coast, is renowned for its warm days, cool nights, and diverse soils that create ideal growing conditions for bold red wines. The vineyards for the **Pessimist** blend are situated in elevated areas where limestone-rich soils contribute to the wine's signature structure and minerality. This region's Mediterranean climate, with its sharp diurnal temperature swings, allows the fruit to develop intense flavor concentration while retaining freshness and acidity.

The **2021 vintage** was marked by dry conditions and a long growing season, which yielded grapes of exceptional quality. Despite lower-than-average rainfall, the vines benefited from moderate temperatures, promoting even ripening and concentrated fruit flavors.

Winemaking

The **Pessimist 2021** blend consists of **76% Petite Sirah**, **12% Zinfandel**, **10% Syrah**, and **2% Lagrein**, with each varietal contributing distinct characteristics to the wine's complexity. Petite Sirah provides structure and dark fruit intensity, Zinfandel adds juiciness and spice, Syrah offers a touch of elegance, and Lagrein enhances depth and aromatics.

After a meticulous selection of the finest grapes, the wine was aged for **10 months in 50% new French oak barrels**, allowing for the integration of oak nuances with the fruit's natural richness. The result is a wine that is both robust and finely balanced, showcasing the best of Paso Robles winemaking.

Always a Petite Sirah-dominated wine, the 2020 Pessimist sports an inky purple color as well as a great, full-bodied style carrying wonderful blue fruits, spring flowers, spice, and vanilla aromas and flavors. It's textured, has ripe tannins, loads of fruit, and is about as sexy and gulpable as they come.
