## Pewen de Apalta 2020

Maipo, Chile

Pewèn is our icon Carménère and is, without a doubt, a leader of its kind in Chile. Hailing from the small terroir of Apalta, birthplace to some of the country's best Carménère wines, and a small plot of grapevines dating back to 1938, this wine is the reflection of the grape's potential; a mature and elegant wine that helps position Carménère among the top varietals in the world.

*Santa Rita*

Alcohol :14,00 %

Composition: 100% Carménère

## Pewen de Apalta 2020

**Robert Parker (RP) : 92 Points (2020)**

*The showy and modern 2020 Pewen de Apalta reflects a warm and very dry year with 14% alcohol, lots of spice and varietal character, combining rusticity with elegance and power. It has abundant, slightly dusty tannins. Better with a little more time and/or powerful food. 9,700 bottles produced. It was bottled in November 2021.*
