Secret del Priorat 2022

Priorat, Spain

Region and Vineyards

The **DOQ Priorat**, located in Catalonia, Spain, is celebrated for its dramatic landscapes, steep terraced vineyards, and unique **llicorella soils**—a type of Carboniferous slate that dates back to the Paleozoic era. These rocky, shallow soils with low water-holding capacity force vines to root deeply, creating wines with exceptional concentration, minerality, and elegance.

The vineyards for Secret del Priorat are scattered throughout the region, often planted on slopes with gradients of up to **60%**, enhancing sun exposure and drainage. These conditions, combined with a Mediterranean climate of warm days and cool nights, allow for slow ripening and the development of complex flavors. This vintage was marked by **above-average temperatures**, limited rainfall, and a dry growing season, resulting in grapes of remarkable quality and intensity.

Winemaking

The wine is a blend of **Garnacha, Cariñena, Syrah, Cabernet Sauvignon, and Merlot**, each contributing to the wine's layered complexity. The grapes underwent **10-12 days of maceration** in stainless steel tanks to extract rich color and fine tannins. Following fermentation, the wine was aged for **12 months in second-fill French oak barrels**, which preserved the fruit's freshness while imparting subtle oak nuances.

This careful approach to winemaking highlights the natural character of the Priorat region, balancing the boldness of the vintage with elegance and refinement.

Tasting Notes

- **Color:** Bright ruby red with brilliant clarity.
- **Aromas:** A captivating bouquet of **rose petals, clove**, and sweet **red fruit jam**, enriched with layers of **coffee, cocoa**, and a refreshing touch of **eucalyptus**.
- **Palate:** Silky and refined, with exquisite tannins and a gradual unfolding of flavors. Notes of **candied orange peel, spices**, and elegant wood tones lead to a lingering, harmonious finish that reflects the wine's vibrant origins.
