## Swan Rosé 2024

Peloponnese, Greece

### Region and Vineyards

Giannikos Winery is located in **Korinthos, northeastern Peloponnese**, an area known for its **sun-drenched vineyards and maritime influence**. The winery cultivates its vineyards organically at altitude, where cool nights preserve acidity and promote aromatic finesse.

Swan Rosé is made exclusively from **Agiorgitiko**, a grape traditionally used for red wines in the Nemea region. Here, it is gently pressed and vinified as a rosé to reveal its **lighter, fruitier and more floral dimension**, a testament to both terroir and sensitive winemaking.

### Winemaking

Harvested at optimal ripeness, the Agiorgitiko grapes are **directly pressed**, ensuring a very pale pink hue and refined aromatics. The fermentation is carried out in **stainless steel tanks at cool temperatures**, enhancing freshness and preserving the natural fruit profile.

The wine is **bottled young**, with no oak influence, in order to maintain its vibrant, crisp personality. The organic certification further underscores Giannikos Winery's commitment to low-intervention, sustainable viticulture.

### Tasting Notes

- **Color:** Pale pink, with a luminous salmon tint.
- **Aroma:** Delicate notes of **wild strawberry, rose petal**, and hints of **white peach**.
- **Palate:** Light-bodied and crisp, with refreshing acidity and flavors of **red berries, citrus zest**, and a touch of **minerality**. The finish is dry, clean, and floral.
