Eden Valley, Australia

Region and Vineyards

Henschke's Louis Semillon comes from the Eden Valley Vineyard, situated at an elevation of 1,640 feet. The soils are primarily sandy loam over gravel and bedrock with patches of clay, contributing to the unique terroir. **The vineyard, first planted in 1995, features vines averaging 50 years old**, which are nurtured using biodynamic principles to ensure sustainability and high-quality fruit production.

Winemaking

This wine is composed of 100% Semillon grapes, which are hand-harvested. **Fermentation takes place in stainless steel tanks**, preserving the fresh and vibrant fruit characteristics. **5% of the wine is aged for 8 months in seasoned 225L French barriques**, while the remaining 95% is aged on lees in stainless steel tanks, enhancing its texture and complexity without overwhelming oak influence.

Tasting Notes

Robert Parker (RP) : 91 Points (2017)

The crisp, lemony 2017 Louis Semillon weighs in at only 11.5% alcohol, pretty typical for this bottling, which is meant to be age-worthy. Like Hunter Valley versions, it can be consumed young, with oysters or other shellfish, or aged 10 years or so to attain greater dimension. Scents of citrus zest and crushed stone appear on the nose, while the light-bodied palate is streamlined and refreshing, with a long, mouthwatering finish.
