Vintner's Reserve Sauvignon Blanc 2022

California, USA

Region and Vineyards

The *Kendall-Jackson Vintner's Reserve Sauvignon Blanc 2022* is sourced from **cool coastal vineyards across California**, with a dominant share from **Lake County (83%)**, followed by smaller contributions from **Mendocino (8%)**, **Monterey (5%)**, and **San Luis Obispo and Santa Barbara Counties (2% each)**. These regions benefit from elevated sites, maritime influence, and diurnal temperature variation, all of which enhance the Sauvignon Blanc's aromatic intensity and acidity.

Lake County, at the core of the blend, contributes floral tones, citrus brightness, and tropical notes like melon and pineapple. **Mendocino** lends delicate honeysuckle aromas, while the **South Coast vineyards** provide mineral tension and subtle fig-like character. This multi-regional approach allows Kendall-Jackson to craft a Sauvignon Blanc of impressive depth and consistency, year after year.

Winemaking

This vintage is composed of **97% Sauvignon Blanc and 3% Sémillon**, the latter adding body and subtle textural richness. Winemaking focuses on freshness and aromatic clarity, with only **15% of the wine barrel-fermented**—mostly in **neutral American oak**—to preserve fruit purity while adding a gentle layer of complexity.

Under the guidance of Director of Winemaking Randy Ullom and winemaker Fritz Meier, the team balances precision and nuance, ensuring this Sauvignon Blanc remains lively, textural, and compelling across vintages.
