Barossa Valley, Australia

Region and Vineyards

Torbreck Old Vines GSM is sourced from carefully selected old vine sites in the **Barossa Valley**, South Australia. The vineyards span notable sub-regions such as **Marananga**, **Gomersal**, and **Ebenezer**, areas known for their deep red earths and ideal conditions for producing complex and structured wines. These old vines, many deeply rooted in the valley's ancient soils, contribute to the blend's richness and depth.

The Barossa Valley's warm climate and diverse terroirs, combined with the region's heritage of dry-farmed old vines, allow for a wine that is both expressive and layered. These elements deliver the hallmark characteristics of Barossa GSM blends: ripe fruit, supple tannins, and savory undertones.

Winemaking

Torbreck Old Vines GSM is crafted from a blend of **Grenache**, **Shiraz**, and **Mourvèdre**, with each variety contributing distinct qualities to the wine. Grenache offers lifted red fruit and freshness, Shiraz adds structure and richness, and Mourvèdre enhances the blend with earthy, savory complexity.

The wine undergoes fermentation and extended aging in **well-seasoned French oak hogsheads**, which allows for a seamless integration of flavors and the development of a smooth, elegant texture. This process highlights the vibrancy of the fruit while enhancing the wine's overall balance and refinement.
