Clare Valley, Australia

Region and Vineyards

The **Oracle Shiraz** is crafted from high-elevation estate vineyards in **Mt. Surmon and Trillians Hill**, with additional select parcels sourced from **Mort's Vineyard** in the heart of the Kilikanoon estate. Located on Ngadjuri land, the Clare Valley vineyards benefit from cool growing conditions, particularly during the 2018 vintage. The season was characterized by moderate temperatures that slowed the ripening process, allowing grapes to develop deeply concentrated flavors and complex aromas over a prolonged period.

The soils and high elevation of these sites contribute to the wine's structure and depth, while the extended hang time of the grapes on the vine preserves natural acidity. This distinctive microclimate, combined with the Clare Valley's renowned terroir, is key to the Oracle Shiraz's balance of intensity and elegance.

Winemaking

The **Kilikanoon Oracle Shiraz** is made from low-yielding Shiraz vines, with each parcel vinified separately to preserve the unique qualities of each vineyard site. Traditional winemaking techniques were used, with fermentation designed to optimize flavor extraction. The wine was then aged for **14 months in a carefully selected mix of new and seasoned French oak hogsheads**, enhancing the Shiraz's structure and adding subtle spice and texture without overpowering the fruit.

The winemaking approach highlights the purity of the fruit and the natural balance achieved during the cool 2018 season. The use of French oak complements the dark berry and savory character of the wine, enhancing complexity and depth without masking the intrinsic qualities of the Shiraz.
